FIGHT FOR GOVERNMENT REFORM;
JOIN
THE RECALL REVOLUTION!**

Government works best when its power rests in the hands of the electorate. Assemblyman James N. Tedisco is calling on his colleagues in the state Legislature to amend the Constitution to allow for the adoption of his legislation enacting recall in New York State. This vital government reform measure would allow citizens to circulate petitions and gather signatures which would then be submitted to the Secretary of State for certification. Once certified, the Governor shall, within a specified time frame, call for a recall vote of that public servant. Help put government back into the hands of the people by signing this petition that will enable us to recall politicians who are derelict in their duties.

We the undersigned support and call for the passage of A.9085
